2010/2011 SPONSORSHIP OPPORTUNITIES**

ABOUT AIGA

AIGA is the oldest and largest membership association for professionals engaged in the discipline, practice and culture of visual communication and graphic design. AIGA was founded in 1914 and now represents more than 20,000 designers through national activities and local programs developed by 59 chapters and more than 150 student groups.

AIGA is the place design professionals turn to first to exchange ideas and information, participate in critical analysis and research and advance education and ethical practice. The disciplines represented in the profession range from communication and corporate design, interface and web design, type and book design, editorial design and new media and motion graphics design.

ABOUT AIGA SAN DIEGO

The San Diego Chapter of AIGA was founded in 1987 to provide a local forum for graphic designers and those in related fields. Since then, the chapter has grown both in membership and reputation. With regular programming and events geared to educate, inspire, and build community, our chapter has been touted as “one of the hottest communities for design in the nation,” by both HOW and Print magazines.

The chapter currently enjoys a membership of over 350 professional designers, educators and students. AIGA San Diego also operates LINK, a mentoring program for at-risk high school youth showing promise in art or design.

WHY SPONSORSHIP OF AIGA?

Today, with ever more information and choice, designers, like all consumers, make decisions and influence clients based on their relationship to a brand. In their role as consultants on strategic communication to business, designers influence corporate selection of products and services, including specifying the paper, print, software, and hardware purchases for their clients.

A company can affect purchasing decisions and strengthen its competitive edge by developing strong bonds with designers through affinity marketing programs like the one AIGA San Diego offers. The 400 plus members of AIGA San Diego and the additional 1000 or more creative professionals our chapter reaches are an invaluable resource for you to tap. In addition, we encourage our members, event attendees, and friends to support those vendors and companies who support AIGA San Diego.

We believe that direct access to these design professionals provides more than just a complement to your personal marketing efforts. Unlike direct mail or advertising, AIGA San Diego programs and events offer sponsors a chance to form personal relationships with their clientele. Plus, meeting current and potential customers face to face in a single setting is far more cost-effective and efficient than personal sales calls on individual designers.

SUPPORTING AIGA SAN DIEGO – A WIN-WIN PROPOSITION

When you sponsor professional design activities through AIGA, you are able to reach designers by leveraging their relationship with an organization that is trusted and is their own. AIGA San Diego is committed to building upon this affinity for companies through partnerships that are mutually beneficial and successfully resonate with your target audience.

AIGA San Diego is asking for your support. In the enclosed materials, you will find different opportunities for promoting your company and gaining valuable access to our members. As you develop your marketing budget for the coming year, we hope you will consider AIGA San Diego as a useful ally and important partner in promoting your products and services and increasing your financial bottom line.
